

*****PARENT SIGNATURE IS REQUIRED IN ORDER TO SHADOW*****

**“Shadowing”
at Wheaton Academy**

We welcome students interested in attending Wheaton Academy to visit, or “shadow”. We encourage students to spend an entire day, although shorter times are possible: the full day gives a rounded experience, seeing the flow of a Wheaton Academy day and really getting to know us. We recommend shadowing on a Chapel Day (Tuesday or Friday) however any day is fine. We assign a current student to be shadowed and we provide lunch.

To shadow, please do the following:

1. **A parent should contact the Admissions Office at least two days ahead of your desired visit (630)562-7501 or admissions@wheatonacademy.org**
2. Complete this form and bring it to the main office when you come to visit. The school day normally begins at 8:00 and ends at 3:00. You should arrive 15 minutes early.

Name of Student _____ Visit date _____

Address _____

Name of Parent(s) _____

Why is the student visiting Wheaton Academy? _____

Are there any particular classes or activities the student is interested in? _____

Current grade and school of the student _____

Church involvement _____

Normally, we have students shadow a current student who is close in age, of the same sex, and, if we know, of similar interests. Does the student have someone in particular he or she would like to shadow? _____ If so, we will try to make that arrangement.

Allergy Policy: Wheaton Academy has an allergy policy which states that foods containing nuts not be consumed on WA’s campus or during off campus activities (games, field trips, tours, etc.) However, because we understand that certain diets require significant protein, we will have one small peanut zone in a portion of the Commons for students who need to eat nuts throughout the school day. That is the only place on campus that nuts of any kind may be eaten. This includes all foods containing nut products like granola bars, candy bars with nuts, cookies with nuts, peanut oil, etc. There is no way to insure that reactions will never occur, but with your help, we can reduce the risk of reactions.
